

Welcome to Latin A Level

We're really looking forward to seeing you all in September and getting started with the course! To give you the best possible start, you will need to complete these tasks:

- Mr Maskell will be teaching you for language. There will be an opportunity to revise all the GCSE language work but it would be helpful if you could refresh your knowledge of endings for verbs and nouns in particular.

- Ms Nongbri will be teaching you the set texts and you will be starting with Cicero's *Pro Caelio*. Please complete a little research as background to the text:
 - Find out what you can about Cicero's life and times: when was he born, for example, and what did he write?
 - What style of government was in place when Cicero was living and working?
 - What can you find out about the accused, Marcus Caelius Rufus?

Have a wonderful summer!
